

Curriculum Vision Statement

At St. Michael's Easthampstead School, we are completely committed to providing our children with a curriculum that inspires and motivates them. We aim to ensure that learning experiences are challenging for all in order to develop resilience as well as knowledge & understanding which will develop them to become confident, responsible and successful local, national & global citizens. In addition, we put a strong emphasis on an unerring positive ethos and an expectation of staff and all children living out the values of the school through their everyday behaviours and actions.
