Learning to love; love to learn

Our School Vision links to the Good Samaritan—to help and care for each other

Dear Parents and Carers,

We had the most amazing time for Science Day on Tuesday!

- Acorns Class had dancing raisins and enjoyed doing a colour experiment with Skittles!
- Year One were busy finding out whether the tallest person had the biggest hands and testing which materials would make the warmest coat.
- Year Two were speculating about a journey into Space – what would be the 3 main things they would need to keep them alive?
- In Year Three, they planted beans and they are waiting to see who can grow the tallest beanstalk!
- Year Four helped Teddy to go on a journey by making a boat which would carry him, without tipping, across the water and a harness which would transport him safely across the zip-wire!
- In Year Five, pupils built Food Pyramids using labelled pots. They predicted and tested what difference it would make by removing one
- Year Six completed four activities based on Food Chains. They used the ICT Suite to research information and reported their findings back to other groups

Well done to the children who have qualified for the next round of the 3M marble-run challenge; they have started to build their models and are considering how they are going to present them.

Year Two did a fabulous Class Assembly for us yesterday where we learnt all about African animals. They treated us to a lovely rendition of “The Lion King’s Circle of Life” and they shared some beautiful artwork as well.

Please be assured that we are following advice day-by-day and doing everything that we can to keep children and adults safe and healthy with regards to the Coronavirus situation. The Local Authority provide us with guidelines following each new Government announcement and we are sharing this information with you as soon as we get it.

Have a good weekend and take care of yourselves.

Miss Robinson

## Attendance

1st Maples 100%

2nd Year 6 99.3%

3rd Year 4 98.9%

# ATTEND TODAY

ACHIEVE TOMORROW

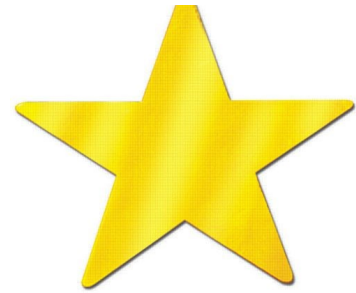

## You're a star

Priscilla G, Mason T, Taliela G, Harry H, Harvey B & Oli K

This week's outstanding learner is: Phoebe C (Y6)

Our Golden Peg award goes to Cedars

Values Trophy—Eva-Chai H, nominated for showing kindness to a parent and her daughter, nominated by the parent herself!

Congratulations to all of our winners

We are once again getting complaints from local residents regarding parking around school times. We are aware that parking is extremely tight around this area but please show consideration. DO NOT park in front of garages, this can cause lots of problems for the people that need access.
