

St Michael's Easthampstead Online Offer

Here at St Michael's our online offer resources can be accessed through Dropbox. The online learning follows our curriculum offer and matches what is also being delivered in the classroom. The children will receive a broad and balanced curriculum with a range of different learning opportunities. The online offer provides a mix of live and pre-recorded sessions all aimed to support our children the best we can.

Every year group has their own email address and this provides a valuable communication tool for parents and children. Every teacher also has their year's contact list for telephone conversations if required. It has been imperative this time around that ALL members of staff take part in the offer.

Non-negotiables	What this could look like...
Reporting of children who are NOT accessing learning	If ANY child is NOT accessing learning – <ul style="list-style-type: none"> - Email - online platforms - printed copies - Zoom surgeries Please let either Mr Cope, Mr Saunders or Miss Kearney know immediately.
ZOOM surgery at least once a week for parents and children.	Parents and children will be able to log into a Live ZOOM surgery to: <ul style="list-style-type: none"> - Ask any questions they may have - Showcase their learning - Simply see their peers -
Feedback provided to children for learning.	Year 1 – 6: Expectation will be set that children/parents MUST email in at least one piece of learning a week (or teachers can see children's work on platforms such as Purple Mash). Feedback will be given either individually or as a whole depending on the learning.
Pre-recorded instructions for: Welcome message for the week... Maths English Phonics (if required) Topic grids	A pre-recorded video with instructions for the learning will be available to all children. Examples will be included if necessary. Over coming weeks we hope that some possible extra things may be offered such as weekly challenges, scavenger hunts, circle times, story times, art competitions, assemblies etc to broaden the learning offer even more.
Learning to be uploaded weekly.	Email from class teacher and resources / timetables on Dropbox.
